
Push-to-Talk is now smarter and tougher
– and offers more value than ever!
Push your communications further with a free voice line
In addition to supporting high intensity users anywhere on Earth, the Iridium **Push-to-Talk® (PTT)** service now comes with a voice line, free of charge, for all Iridium® PTT service subscribers.
iridium®

Push-to-Talk. Evolved.

The Iridium **Extreme® PTT** is ruggedly engineered to deliver the power of fast, simple and secure group communications in some of the harshest conditions – all at the push of a button.

The Iridium PTT Command Center allows customers to quickly and easily define talkgroup coverage areas. It's Push-to-Talk as it was meant to be.

Contact your service provider today for your free voice line!
