iOS Setup Instructions

1. Go to Apple's iTunes store to download Iridium AxcessPoint Mail & Web.
2. Go to www.iridium.com/axcesspoint to register for Iridium AxcessPoint Mail & Web app.
3. Connect your Iridium AxcessPoint to your Iridium satellite phone with the provided USB cable.
4. Set up the phone in an outdoor area with open access to the sky and adequate signal strength prior to use.
5. Turn your Iridium AxcessPoint device switch ON when attempting to establish a Wi-Fi hotspot.
6. Go to Settings.
7. Select Wi-Fi.
8. Under Choose a Network, select PHS300IC-xxxx.
9. When two of three lights on the Iridium AxcessPoint device are green, open your Iridium AxcessPoint Mail & Web on your iOS device.
10. Login with the username and password provided with your registration email.
11. To browse the Internet, make sure your default webpage is: www.iridium.com/mobile and set your compression rate at high for optimal performance.

Only one communications company connects the entire globe

Iridium commands the world's furthest reaching network, making it the only truly global communications company with solutions that span from pole-to-pole. Iridium voice and data products provide superior communications solutions that allow global companies, government agencies and individuals to stay connected everywhere. With a unique, global ecosystem of partners, Iridium continues to create new, high-value capabilities that are leading the world into a new era of communication.
