

NOTICE: 9505A End of Life on May 1, 2009

This is a notice advising that the 9505A will reach end of life on May 1, 2009. Limited quantities exist and orders will be accepted through standard ordering procedures on a first come, first served basis until this inventory has been depleted. At that point, there will be no further opportunity to purchase the 9505A from Iridium. Iridium will provide warranty repair and replacement for this product per the standard [Subscriber Equipment End of Life Policy](#).

Under Iridium's End of Life Policy:

- During the EoL phase, Iridium will make reasonable commercial attempts to provide full warranty, repair, and replacement support.
- Iridium may continue to provide feature releases until the product reaches the EoL phase.
- Iridium will make reasonable commercial efforts to stock sufficient inventory of accessories related to the product that has been announced EoL for a minimum of four years.

The 9505A US version will remain available and is not affected by this End of Life notice.

The 9505A has been replaced with the 9555. The 9555 offers a lighter and smaller handset, with a larger screen, retractable antenna, and improved talk time. It also offers customers an integrated speakerphone, improved SMS and email capabilities, improvement in data speeds and an upgraded Mini-USB data port. The 9555 is currently available in the Iridium Pricing Schedule.

Iridium recommends that all partners plan for the **End of Life of the 9505A** by:

- Visiting the 9555 page of the Iridium Partners Website (partners.iridium.com) and the 9555 Website (www.iridium9555.com) for updates documentation and information on the handset.
- Communicate to your staff, customers and partners that the 9505A is at end of life and educate them on the benefits of the 9555 handset.
- Order last quantities on a first come, first served basis at orders@iridium.com
