Attention: Ms. Donna Bethea-Murphy

Dear Sir:

The test report and related documents have been reviewed, and we are pleased to advise you that this device meets our procedural and specification requirements for certification. The field offices have been notified.

The assigned certification number and the model must be shown on each equipment model. This certification identification may be shown on the equipment model identification plate or on a separate label that shall be indelible and tamper proof. The certification number shall be prefixed with the letters "IC:". Radio equipment is certified as described on the attached certification certificate:

Certificate(s) are attached for the following model(s):
9522B

A website has been established which includes the status of the applications.
The address is <http://spectrum.ic.gc.ca/~cert/>.

Sincerely,

Randy Ortanez
President

Certification of equipment means only that the equipment has met the requirements of the above noted specifications. License applications, where applicable to use certified equipment, are acted on accordingly by the issuing office and will depend on the existing radio environment, service and location of operation.

This certificate is issued on condition that the holder complies and will continue to comply with the requirements of the radio standards specifications and procedures issued by the Department.

La certification du matériel signifie seulement que le matériel a satisfait aux exigences de la spécification indiquée ci-dessus. Les demandes de licences nécessaires pour utiliser du matériel certifié sont traitées en conséquence par le bureau de délivrance et dépendront de l'environnement radio existant, du service et du lieu d'exploitation.

Le présent certificat est délivré à la condition que le titulaire satisfasse et continue de satisfaire aux exigences et aux procédures d'Industrie Canada.
